R&D RESEARCH SEMINAR SERIES

Back by popular demand! SIBCR and VA R&D have revitalized the R&D Research Seminar Series. The aim of these seminars is to increase communication among researchers and networking across disciplines. It has been gratifying to see the positive response of the community so far to this initiative and SIBCR and VA R&D are looking forward to continuing this series. There have been three excellent presentations over the past several months by the following researchers:

Steven Kahn, MB, ChB *"Diabetes Prevention and Treatment: What Have We Learned and What Must We Still Know?"*

Elaine Peskind, MD *"Neuroimaging and CSF Biomarkers in Mild Traumatic Brain Injury in Iraq and Afghanistan Veterans."*

David Flum, MD, MPH *"A Learning Health Care System: The science and practice of changing the way we do what we do."*

FUTURE SPEAKERS INCLUDE:

Tueng T. Shen, MD, PhD, University of Washington on July 8th

Cyrus Zabetian, MS, MD, VAPSHCS/University of Washington on September 30th

Thomas Hatsukami, MD, University of Washington on December 9th

Jason Dominitz, MD, VAPSHCS/University of Washington on January 30, 2014

Seminars start at noon and are held in Building 1, Rooms 240 and 236b. A light lunch will be provided.

If you would like to suggest a speaker, please contact Eileen Lennon, PhD (Eileen@sibcr.org) or Al Matsumoto, MD (Alvin.Matsumoto@va.gov).
